Nonprofit Financial Entity Application Support

In order to add a new financial entity admin, you'll need to provide documentation that proves the new admin has the authority to make decisions for your organization.

This document must:
(1) Be a letter, on official company letterhead, stating the new admin's position within the organization.
(2) Specify the Facebook user profile that is authorized as a new admin for your financial entity. The Facebook user profile can be identified by listing either the Facebook user account ID or the email address associated with the Facebook account.
(3) Be signed and dated by a senior official within your organization.

Note: The Page admin role associated with your user account is separate from the financial entity admin role that will allow you to complete the onboarding process for your organization.

Please select the Page you are asking about:

Select Page ▾

Company Name
As registered with Facebook

EIN Tax ID (US) or VAT # (EU)
The EIN or VAT associated with your nonprofit entity

Please provide documentation on company letterhead authorizing you to make decisions for the company
This is required for you to be considered as an admin

Choose Files no files selected

If relevant, please provide any additional information you think would be helpful for our consideration.
