

EXHIBIT 41

The screenshot shows the Google Search Console interface. The browser address bar displays the file path: /Users/jeremywhiteley/Downloads/%5Bsearch.google.com%5D%202023.07.12--Settings.mht. The page title is "Settings" for the URL "https://breakingcode...". The left sidebar contains navigation options: Overview, Performance, URL inspection, Indexing (Pages, Sitemaps, Removals), Experience (Page Experience, Core Web Vitals), Security & Manual Actions, Legacy tools and reports, Links, and Settings (highlighted). The main content area is divided into three sections: General settings, Crawling, and About. The General settings section includes: Ownership verification (checkbox checked, "You are a verified owner"), Users and permissions (Jeremy Whiteley, jjensen), Associations (Associate a service with this property), Change of address (Inform Google when your site moves to a new address), and Bulk data export (Daily export of performance data to BigQuery). The Crawling section shows: Crawl stats (365 crawl requests (last 90 days) with an OPEN REPORT button). The About section shows: Indexing crawler (Googlebot Desktop with a Learn more link) and Property added to account (March 29, 2022 with a REMOVE PROPERTY button).
